Dear Ed:

Thank you for your participation at the conference this year and your presentation on "The Art of Partnering."

I apologize for the low turn-out but those that were there were very entertained and impressed with your approach. You were listed in the conference evaluation sheets as one of the best speakers at the conference.

I will use you again, thanks for the Book too, I haven't read it yet, but I will.

Thank you again for making the 1997 ISNI conference a big success.

Sincerely,
