Dear Ed,

Just a quick note to thank you for the excellent business session presentation at our annual convention last week in Albuquerque. The time you took to study our industry and customize your program for our members was quite apparent and greatly appreciated. Your partnering message was on target for the needs of both our large and small members. I know that many of them will put into action the ideas you shared with the group. I look forward to again working with you in the future.

Sincerely,
