Dear Edwin:

Thank you for your great presentation that closed the 1998 ISNI Conference. You delivered exactly what I ask for - the speech was both informative and interesting. Since you are now a veteran at ISNI with a repeat performance, I believe you tailored perfectly to the group. I heard many positive comments and have been ask for the handout multiple times.

I have enclosed a picture as a reminder that you can mix business with fun while you are partnering.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Claudia J. Betzner'.
