Westlake Village, CA 91359

Dear Ed,

We have returned from our Philadelphia convention and in reviewing the surveys from the show, the convention was quite a success.

Attendees from your session *Manufacturer, Dealer/Distributor Relationships* described you as very enthusiastic, easy to listen to and the subject content was excellent. As you know, this subject is of extreme importance to our members. Consequently, your session was very well attended.

Unfortunately, we did not give you enough time to cover the subject in great detail but attendees did come away from the session with high content and high ratings.

Ed, hopefully we will be able to work together again in the near future.

Sincerely,

Mark A. Palmer
Meeting Planner
